**Lantmäteriet**

Dear Hiring Manager,

I am writing to express my interest in the Frontend Developer position at **Lantmäteriet**. With over a year of experience developing with React.js, combined with my backend knowledge in Firebase, I am confident in my ability to contribute effectively to your team. As a full-stack development student at Foretaguniversitet, I have developed a well-rounded understanding of both frontend and backend technologies, and I have further honed these skills during my internship as a full-stack developer at A&E Labs OÜ.

On the frontend, I have extensive experience with HTML5, CSS3, SASS, and Tailwind CSS, which has allowed me to create responsive, user-friendly interfaces. My proficiency with React.js and React Context has enabled me to build dynamic and maintainable web applications. Additionally, I have worked with EmailJS to implement email functionality, enhancing the user experience on several projects.

On the backend, I have worked extensively with Firebase and its suite of services, including Firestore, FirebaseAuth, Firebase Trigger Email, and Firebase Cloud Functions. I am skilled at integrating these technologies into full-stack applications to create seamless experiences for users and manage backend data efficiently. My knowledge of Node.js further complements my ability to handle server-side logic, making me capable of developing scalable, secure web solutions.

Currently, I am developing my e-commerce store, where I apply these skills daily to manage both frontend design and backend functionalities. This hands-on project experience continues to strengthen my problem-solving abilities and my capacity to develop full-stack applications from concept to deployment.

I am excited about the opportunity to bring my technical expertise, creativity, and passion for web development to **Lantmäteriet**. I look forward to the possibility of contributing to your team and would welcome the opportunity to discuss how my skills can benefit your organization.

Thank you for considering my application. I look forward to hearing from you soon.

**Sincerely,**

**Linna Yinloch**
